Evidence Synthesis Institute Canada 2023

April 17th, 18th, 19th and 20th, 2023

Evidence Synthesis Institute Canada 2023 is brought to you by a partnership between the Canadian Association of Research Libraries and University of Victoria Libraries.

This intensive, four-day workshop provides training on evidence synthesis processes with emphasis on creating comprehensive, reproducible search strategies, developing protocols, and understanding review methodology types in disciplines outside of the health sciences.

The Learning Facilitator program is designed to provide instruction facilitation experience for Canadian librarians who have previously attended the Institute hosted in Canada or the US. This opportunity will help reinforce the skills and knowledge of previous attendees to increase capacity for evidence synthesis support and instruction at Canadian libraries.
